CIRB Testimonials

"Data from CIRB is critical for our company. It's the only organization with current information for every corner of the state."

- Ben Wright, California Economic Forecast

"A unique economic indicator of how the industry will behave in the future."

- Mike Winn, Michael Winn Associates

"CIRB is the only source for permit data that summarizes the construction activity for California. It is invaluable to understand the amount of construction in each jurisdiction and counties."

- Mike Hodgson, ConSol

"I am thankful CIRB publishes the monthly California Construction Review. It is used by a variety of Managers at Teichert to keep our fingers on the pulse of the California Housing market. In addition, Jill Herman and Allison Paul are great to work with, providing excellent service and Custom Reports as needed."

- Bob Gustafson (Marketing Manager), Teichert Materials

"[Monthly stats from CIRB] provide me with a critical barometer on the relative speed of any jurisdiction's entitlement pipeline. The CIRB numbers make for a valuable analytical tool for any number of our legislative activities. I couldn't do without it."

- Borre Winckel (President & CEO), Building Industry Association of San Diego County
