

2026 OPEN SCHOLARSHIPS

A STRONGER FOUNDATION FOR CALIFORNIA'S FUTURE

California construction revenue is estimated to generate approximately \$410 billion annually and supports over 950,000 jobs statewide.

The **California Homebuilding Foundation** partners with colleges and universities across California, and nationwide, to support students pursuing careers in the homebuilding industry. Scholarships are available for both undergraduate and graduate students enrolled in building-related programs. These funds can be used for tuition, fees, books, materials, housing, and other essential student needs.

For more information, please contact your school's program administrator. All scholarships are provided by the California Homebuilding Foundation.
